# About Petoroise Alcones

**Petoroise Alcones Pvt Ltd**, formerly *Banwari Chemicals Pvt Ltd*, is a part of family-owned and operated Banwari Group based in New Delhi, India. Petoroise Alcones is set up in the RIICO Industrial Area of the state of Rajasthan in India. The facility is easily accessible from the Indira Gandhi International Airport of New Delhi, being about an hour's drive away.

Banwari Group forayed into Specialty Aroma Chemicals with the mission of 'Innovating Aromas'. With Petoroise Alcones, Banwari Group governs a niche segment in the industry and commands a strong position by making such single molecules accessible to a wide network of manufacturers and innovators. These specialty aroma chemicals are designed in the lab synthetically and imitate the properties of their naturally occurring counterparts, imparting longevity and strength in the application.

Petoroise Alcones develops these chemicals under the supervision of highly qualified scientists and lab experts, manufactured in an all-compliant international-grade facility. The company also ensures the availability of certifications like Kosher and Halal on a product-to-product basis.
